

Module 7: SOA Analysis & Modeling Lab

As a continuation of course modules 4 and 6, this hands-on workshop allows attendees to apply the concepts, processes, techniques, patterns and principles previously covered in order to complete a set of analysis and modeling exercises.

Both individual and group exercises are provided, requiring participants to solve a number of inter-related problems, with the ultimate goal of creating their own service-oriented solution blueprints.

The instructor works closely with participants to ensure that all exercises are carried out completely and accurately. Attendees can voluntarily have exercises reviewed and graded as part of the class completion.

This course corresponds to Exam S90.06, which is required for the following certification: Certified SOA Analyst

Module 7 Self-Study Kit: SOA Analysis & Modeling Lab (Exam S90.07)

The materials for this course module can be purchased separately as part of Module 7 Self-Study Kit: SOA Analysis & Modeling Lab (Exam S90.07), which includes additional materials and study aids. These materials are designed to prepare you for Exam S90.07 but they are also suitable for general remote, self-paced study purposes.

The contents in this self-study kit include a Full-Color Course Module Booklet (124 pages), Full-Color 11" x 17" Mind Map Poster, Self-Study Guide 7 (63 pages), Audio Tutor CD 1 & 2 (by Thomas Erl), 20 Flash Cards, and a Candidate Agreement. Versions of this kit are available with and without a discounted, pre-paid Prometric exam voucher (\$150 value) that can be used at any qualified Prometric testing center in the world.
